Your Medical Plan Options

Plan year: January – December 2024

Offered by Cigna Health and Life Insurance Company or its affiliates
In Utah, plans are offered by Cigna Health and Life Insurance Company.
Understanding terms in your health plan

**Deductible:**
The annual amount you pay for care before your health plan begins to pay.

**Copay:**
A predetermined amount you pay for eligible health care services or medication. Your copay usually is due when you receive the service.

**Co-insurance:**
Your share of the cost of covered services, usually after you meet your deductible. The health plan pays the rest.

**Out-of-pocket maximum:**
The most you pay before the health plan begins to pay 100% of covered health care costs. You’ll still need to pay for any expenses the health plan doesn’t count toward the limit.

**In-network:**
Health care providers and facilities that have contracts with us to deliver services at a discounted rate.

**Out-of-network:**
A health care provider or facility that doesn’t contract with your plan and doesn’t provide services at a discounted rate. Using an out-of-network provider usually will cost you more.
Open Access Plus (OAP)

**Primary Care Provider:** A primary care provider (PCP) is recommended but not required

**Specialist:** You can see a specialist without a referral

**Network:** Lower costs by using providers and health care facilities in the OAP network
- Use the Cigna Healthcare® network of providers, health care facilities, labs, x-ray and radiology centers, as well as emergency care

**Deductible:** You may pay an annual amount — a deductible — before your health plan begins to pay for covered health care costs.¹ Only services covered by the health plan count toward the deductible

**Copay and co-insurance:** Once you meet your deductible, you will pay a portion of covered health care costs and the plan pays the rest²

**Out-of-pocket maximum:** Once you meet an annual limit on your payments — out-of-pocket maximum — your plan pays 100% of covered costs

1. Plans may vary; see your employer’s plan documents for details related to your specific medical plan.
2. Coinsurance is what you pay for covered services after you’ve met your deductibles. It does not include charges for services not covered by your plan. If you use an out-of-network provider, your expenses may be more than the coinsurance amount shown because the out-of-network provider can bill you for charges that are more than what your benefit plan will pay.

If you choose to receive care outside of your plan’s network, only covered expenses will be applied to your deductible – subject to your plan’s Maximum Reimbursable Charge provisions. All plans have exclusions and limitations. See your enrollment materials for more information about costs and details about covered and non-covered services, including plan exclusions and limitations. ¹This is the most a family (employees plus covered family members) will pay for in-network, out-of-pocket expenses. It’s important to note that each individual family member’s out-of-pocket costs are capped at $8,550 for 2021 health plans, and overall family in-network costs are capped by the IRS at $17,100. The out-of-pocket costs for people with individual coverage are capped at $7,000 for 2021. To see examples of how this works, please visit www.InformedOnReform.com > Federal Regulations > Cost Sharing Limits, or Cigna.com/health-care-reform/embedded-oop-customer-impacts.
