

HAZMAT Pick Up Instructions February 2023

When you need a waste pick up from HAZMAT please fill out and email the appropriate form.

Requests must be received at least two days before the weekly scheduled pick up date for processing. Requests received later will be added to the next pick up date.

- For **Chemical Hazardous Waste**: [Click Here](#) for a Form Fillable PDF.
- For **Universal Waste** (Batteries, Bulbs, Used Oil, etc.): [Click Here](#) for a Form Fillable PDF.
- For **Radioactive Waste**: [Click Here](#) for a Form Fillable PDF.

Please note:

1. All chemical and radioactive waste must have a detailed waste label legibly filled out. Contact HAZMAT if you need labels.
2. All chemicals and radioactive materials must be in sealed containers. It is illegal to move a chemical/radioactive material on any road unless it is in a sealed container. Contact HAZMAT if you need containers.
3. All battery terminals must be taped prior to pick up except AA/AAA batteries.

Please submit forms and questions to:

hazmat@nmt.edu or ben.thomas@nmt.edu
