

New Mexico Tech CS Summer Buzz Camp 2024

Welcome to New Mexico Tech's third Computer Science Buzz Camp! We are so excited to be able to offer this opportunity for children at absolutely no cost to the students or families. Meals, lodging, and social activities are 100% included! We are able to do this thanks to a very generous donation made by an anonymous couple with a passion for learning and education.

From cyber security to game design, Buzzcamp will immerse the campers in the world of computer science. Every day will be an opportunity to learn something new, and we will be exploring learning styles that work best for each child. Our hope is that the campers walk away with an understanding of the basics and a hunger to develop those basics into the future of technology!

We also have plenty of extracurricular activities lined up that will make this camp experience not only educational, but fun as well! On registration day, kids will need a parent or guardian with them to check them in. The accompanying guardian can plan to stay awhile and check out where their camper will be staying for the week, sign any forms that are needed, and enjoy some refreshments!

Please take some time to review the permission slips and information items included in this packet to help us best serve your child and meet their needs. We are here to make this experience the best it can be for your camper!
