Prescription Drug Program

About Express Scripts

- Express Scripts is NMPSIA's chosen partner for administering your prescription plan
- We are a leading pharmacy benefit manager that puts medicine in reach for tens of millions of people
- As an Express Scripts member, you have access to:
 - 60k+ retail pharmacies located across the United States
 - Convenient home delivery services
 - Express-Scripts.com and our mobile app for ordering and managing your prescriptions
 - Accredo specialty pharmacy for medications that treat complex and chronic health conditions
 - Specialized pharmacists, nurses and other clinicians in 20+ condition-specific Therapeutic Resource Centers

Express Scripts Formulary

Your plan covers a broad range of medications that fall into three categories:

First tier:
Generic drugs

Second tier:
preferred brand-name drugs
(lower cost)

Third tier:
Non-preferred brand-name drugs
(higher cost than First and Second tier)

Excluded: drugs that are not covered under your benefit

2018 Express Scripts National Preferred Formulary

The following is a list of the most commonly prescribed drugs. It represents an abbreviated version of the drug list (formulary) that is at the core of your prescription plan. The list is not all-inclusive and does not guarantee coverage. In addition to using this list, you are encouraged to ask your doctor to prescribe generic drugs whenever appropriate.

PLEASE NOTE: Brand-name drugs may move to nonformulary status if a generic version becomes available during the year. Not all the drugs listed are covered by all prescription plans, check your benefit materials for the specific drugs covered and the copayments for your prescription plan. For specific questions about your coverage, please call the phone number printed on your member ID card.

Go to express-scripts.com/2018drugs for a full list of formulary exclusions with their covered alternatives or log on to compare drug prices. Costs for covered alternatives may vary.
© 2018 Express Scripts Holding Company. All Rights Reserved. THIS DOCUMENT LIST IS EFFECTIVE JANUARY 1, 2018 THROUGH DECEMBER 31, 2018. THIS LIST IS SUBJECT TO CHANGE. You can find more information at express-scripts.com. 18102, 34, 37 of 4 PBR22131-18 08/10/18

Prescription Costs

	Participating retail pharmacies	Express Scripts Home Delivery
	Retail (30-day supply)	Mail Order (90-day supply)
Out of Pocket Maximum (Prescription Only- All Drugs)	\$3,100 single / \$6,200 family	
Generic	\$10	\$22
Brand (Preferred)	30% (\$30 min / \$60 max)	\$60
Brand (Non-Preferred)	70%	70%
Specialty Medications (30 day supply) – Must be obtained via Accredo Specialty Pharmacy	\$55 Generic \$80 Preferred Brand \$130 Non-preferred Brand	

**** If you obtain a brand-name drug when a generic equivalent is available, you are responsible for the brand copayment plus the cost difference between the brand-name drug and the generic drug****

Diabetic Medications and Supplies

	Participating retail pharmacies	Express Scripts Home Delivery
	Retail (30-day supply)	Mail Order (90-day supply)
Diabetes supplies, Generic & preferred-brand insulin	\$0	\$0
Generic & preferred-brand oral diabetes medications	\$10	\$22
Brand (Non-Preferred) diabetes medications and supplies	70%	70%

Please Note: Express Scripts Formulary Preferred Brand for Diabetes Blood Glucose Meters and Test Strips is LifeScan (OneTouch)

Vaccines

- NMPSIA members will pay \$0 on certain vaccines including:
 - Influenza (Flu), Pneumonia, Shingles, MMR, Hepatitis A & B, Meningococcal, Tetanus/Diphtheria/Pertussis, Varicella (chicken pox)...to name a few
- Vaccines through the pharmacy benefit are:
 - A key preventive measure for seasonal influenza and other viral conditions
 - More convenient and less expensive through the pharmacy network than at physician practices
 - Likely to result in lower medical costs
 - All states allow certified, registered pharmacists to administer vaccines
 - Call Customer Service to locate a certified pharmacist near you

Get Started With Express Scripts Mail Order

- **E-Prescribe (electronic prescribing)** - Have your physician send your prescription direct to Express Scripts pharmacy for processing
- **Phone** – Call into Express Scripts customer service and request that your maintenance medication be moved to home delivery. We will consult your physician and take it from there!
- **Register** – on [express-scripts.com](https://www.express-scripts.com) or Express Scripts mobile app and transfer medications to home delivery with a click of a button
- **Mail** – Complete a home delivery order form and submit it, along with a paper prescription, for processing
- **Payment Options** - check card or credit card is the preferred method for online orders. ESI accepts Visa, MasterCard, American Express and Discover. Provide your check card or credit card information or choose to be billed later for mail in orders.

Ask your doctor if a generic medication will work for you

- When you receive a prescription from your doctor, or if you are taking brand-name drugs today, ask
 - If a generic version of the medication is available
 - If generic medications are right for you
 - If there are any risks if you change from a brand-name drug to a generic drug
- Generics have the same chemical makeup as brand-name counterparts and have the same effect on the body
- Makers of generics spend less on research and advertising, and the savings get passed on to you

8 out of 10

Have a question about a medication?

Give us a call

Each specialist pharmacist has had specialized training in the medications used to treat a specific condition, such as:

- High cholesterol
- High blood pressure
- Depression
- Diabetes
- Asthma
- Osteoporosis
- Cancer

You can contact a pharmacist 24/7 to ask about:

- Drug interactions
- Side effects
- Risks and benefits of your medication
- Help taking your medication as prescribed – which is one of the best ways to help maintain or improve your health

Talk with an Express Scripts pharmacist for general counseling – or a specialist pharmacist for complex concerns – by calling the number on the back of your prescription drug ID card

800-498-4904

Therapeutic Resource Centers

Personalized care for patients

Retail pharmacists

- Typically generalists who dispense medications for many conditions
- Juggle many tasks: filling prescriptions, checking orders, overseeing pharmacy
- Setting offers minimal privacy to counsel patients
- **Average time talking to each patient is less than**

2 minutes*

Specialist Pharmacists

- Extensively trained in medications for a single disease state
- Focused on disease and therapy management
- Speak to patients in their homes or wherever they prefer
- **Average time talking to each patient is**

12 minutes

*Source: CVS data

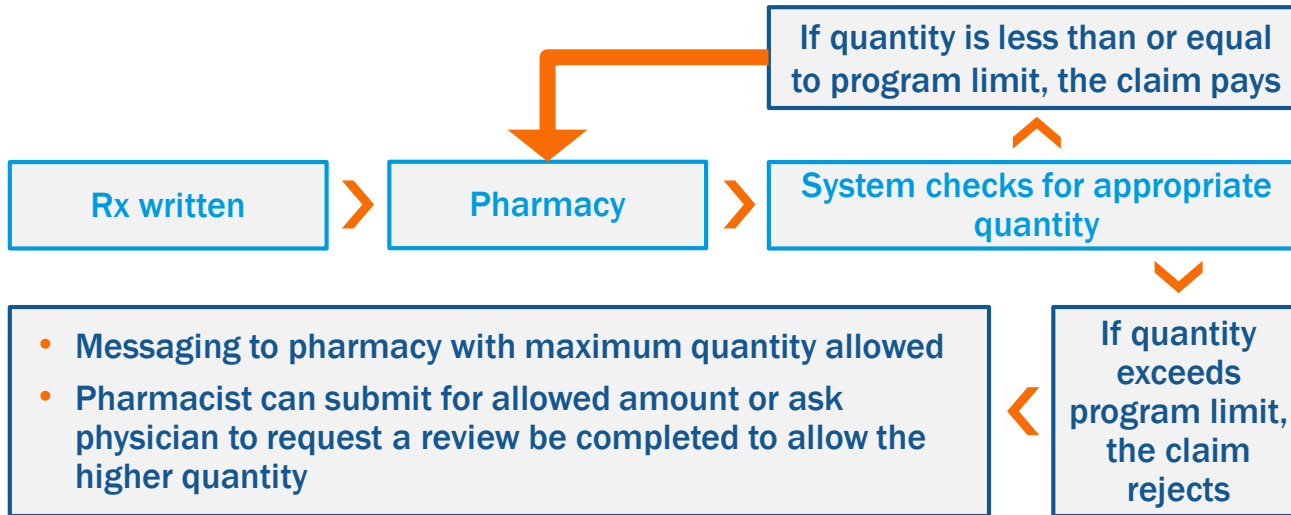

Prior Authorization

- Some medications require a Prior Authorization – a process to ensure the medication prescribed is appropriate for the patient and/or the condition and is covered by the prescription drug plan
- Physician's submit documentation for Prior Authorization on the patient's behalf
- Most Prior Authorizations expire after 1 year

Drug quantity management (DQM): The right amount

- Aligns the dispensed quantity of prescription medication with FDA-approved dosage guidelines
- Ensures that the most cost-effective product strength is dispensed
- Helps reduce waste

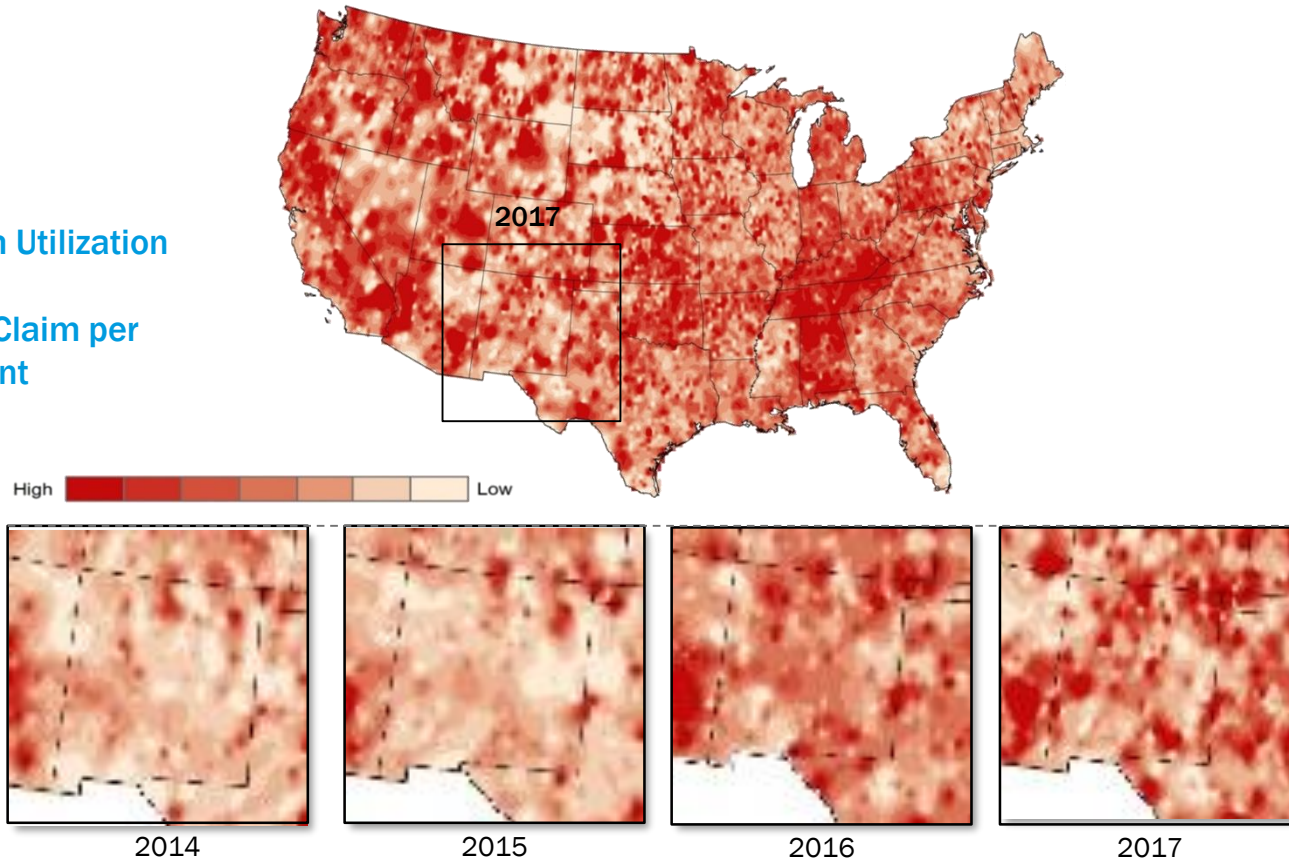

DQM asks : Is this the correct quantity (tablets/capsules) of this medication?

Putting the Brakes on the Opioid Epidemic

Opioid Claim Utilization

Avg. Opioid Claim per Opioid Patient

Heat maps based on Express Scripts data, 2016

Influence at home

Use [express-scripts.com](https://www.express-scripts.com) and the Express Scripts mobile app to manage your medications and prescription benefit plan.

There are two easy ways to register:

Register at [express-scripts.com](https://www.express-scripts.com) or

... download the **Express Scripts** mobile app for free and register

- Register using your member ID number or Social Security Number (SSN)
- One user name and password is all you need for web and mobile app access

Informative and actionable express-scripts.com home page

Order status is **#1 REASON**
members visit the website.

- Provides a one-stop shopping experience
- Offers the services patients expect right up front...
 - Order status with tracking
 - Refilling a prescription
 - Enrolling in automatic refills
 - Visibility to home delivery savings
 - Transferring a prescription to home delivery
 - Navigating to anywhere in the site

The screenshot displays the Express Scripts website interface. At the top, there is a navigation bar with the Express Scripts logo, a shopping cart icon labeled 'Items in Cart', and links for 'Prescriptions', 'Benefits', 'My Account', and 'Help'. Below the navigation bar, the 'Recent Order Status' section is visible, listing several orders with details such as medication name, dosage, brand, Rx number, patient name, and order date. Some orders have status indicators like 'We need your approval' or 'Address Verification Required'. Below this, the 'Automatic Refills' section features a large number '3' and a promotional message about the convenience of automatic refills. The 'Prescriptions You Can Order Today' section shows a list of available medications for a specific patient, including Omeprazole, with details on refills remaining and an 'Add to cart' button.

Resource Center helps members with health decisions

- View resources and information by medical condition:
 - Cardiovascular
 - Diabetes
 - Neuroscience
 - Oncology
 - Pulmonary
 - Women's Health
 - Specialty
- Access specialist pharmacists for counsel with medication information and management
- Access more information from sources, such as, Medline Plus

The screenshot displays the Cardiovascular Resource Center interface. At the top, a banner for "Cardiovascular" features a doctor's photo and text explaining the center's purpose: "The Cardiovascular Resource Center was created by a team of Cardiovascular Specialist Pharmacists, specifically to help people who are looking for information on medications used to help manage cardiovascular conditions such as high blood pressure and cholesterol as well as other cardiovascular conditions." A green box below the banner says "Keep up the good work! Gary, you have met 2 health goals." with a "Review more" button. Below this is a search bar for "Search MedlinePlus®".

The main content area is titled "Resource center" and includes a paragraph: "The resource center was created to provide resources and information about medications used to treat chronic health conditions. Each health resource center provides access to Specialist Pharmacists who specialize in the medications used to treat specific long-term conditions." To the right of this text is a photo of four healthcare professionals. Below the text is a list of categories: Cardiovascular, Diabetes, Neuroscience, Oncology, Pulmonary, Women's health, and Specialty. A "Medications" section features a book cover and the text: "Knowing Your Medications® provides answers to the most commonly asked questions about medication safety, effectiveness, and affordability." with a "Learn more" button.

At the bottom, there is a search bar for "To find out more about Health Topics" with a "Search MedlinePlus®" button and a "GO About MedlinePlus" link. Below the search bar, there is a list of bullet points:

- and the success of lowering cholesterol levels as a means of preventing CHD.
- MedlinePlus is the National Institutes (NIH) of Health's website that provides public information about diseases, conditions, and wellness issues. Medline Plus provides patients information on blood, heart and circulation related diseases.
- Your health is in your hands. Each of us can take 5 easy steps to help ourselves, family members and friends remain healthy and reduce the spread of potential infection. No matter your health condition, infection is a risk factor that may often be overlooked. In partnership with many widely known health organizations the attached brochure provides these simple 5 steps.

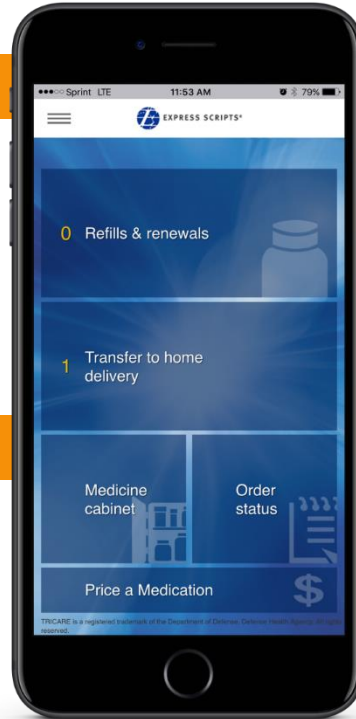

An app that drives better decisions and healthier outcomes for members on the go
