CVS Caremark® is your Pharmacy Benefit Manager (PBM)

We manage your new prescription benefit plan and help keep your medication costs low.

We're like your health plan, but for prescriptions.

As a CVS Caremark member, you have **access to a wide range of cost-effective medications** and thousands of network pharmacy choices (including home delivery for you and your family).

Covered Drug Lists

By using preferred medicines, you can help make sure you get better value based on your plan and individual needs. Review your preferred drug list, updated quarterly, to find out which therapeutic medicines provide you with greater savings.

Drug List Reminders

When reviewing your drug list, please keep in mind the following:

- Lower cost should always be your first choice when medically appropriate
- Ask your doctor to consider prescribing a brand-name product from your preferred drug list if a generic is not available
- While brand name drugs appear in the drug list, generics may or may not appear.
- Drugs on the preferred drug list are chosen and reviewed by a panel of physicians and pharmacists
- Unless specifically indicated, drugs on the list(s) will include all dosage forms
- CVS Caremark may have financial relationships with the manufacturers of the listed products.

CVS Caremark Mobile App

Manage your Rx on your own time.

We make it easy to keep track of your Rx, check for savings and more from your mobile device.

Our mobile app gives you a secure, simple way to manage your prescription benefits and member information. Find a nearby pharmacy no matter where you are. Learn about your medication and get information you can trust day or night. Do all this – and much more – at your convenience.

Learn more at [Caremark.com/OpenEnrollment](https://caremark.com/OpenEnrollment)

CVS Specialty and PrudentRx

A man with a beard, wearing a dark grey t-shirt, is holding a blue, multi-compartment pill organizer in his hands. The background is blurred, showing an indoor setting with warm lighting and other people in the distance.

NMPSIA is working with PrudentRx to reduce your out-of-pocket costs for specialty medications to \$0

- ✓ Pay \$0 for any medication on your plan's Exclusive Specialty Drug List for as long as you're enrolled – even if there is no copay program available
- ✓ PrudentRx works with manufacturers to get copay assistance for your medications
- ✓ PrudentRx handles all the details for you — no need to worry about renewals or expiration dates

Watch your mailbox for more information.

Your enrollment in the program will be started automatically, but some additional steps may be required.* You can choose to opt-out at any time. If you opt-out, you'll have to pay 30 percent of the cost of your medication

*Some manufacturers require you to sign up to take advantage of the copay assistance that they provide for their medications – in that case, you must call PrudentRx to participate in the copay assistance for that medication. PrudentRx will also contact you if you are required to enroll in the copay assistance for any medication that you take. If you do not return their call, choose to opt out of the program, or if you do not affirmatively enroll in any copay assistance as required by a manufacturer, you will be responsible for 30 percent of the cost of your specialty medications.

Retail 90

Get the medications you take regularly (such as diabetes, high blood pressure or asthma) in 90-day supplies.

90-day supplies are more convenient and may cost less

Managing diabetes?

Extra support is here.

Transform Diabetes Care

provides the right amount of guidance and support based on your needs and preferences.

With the CVS Health® Tracker app, you can monitor your glucose, calories and more. To stay on track, you can message with a health coach and get personalized support from a Certified Diabetes Care Nurse.*

If you're managing diabetes, you're enrolled automatically, so stay tuned for program details – we'll be in touch soon to help you get started.

*Certified Diabetes Care Nurses do not diagnose or treat conditions. Their role is to connect members to appropriate resources and help identify and close gaps in care. Your privacy is important to us. Our employees are trained regarding the appropriate way to handle your private health information.

Thank You!

Legal disclaimers

The source for data in this presentation is CVS Health Enterprise Analytics unless otherwise noted.

All data sharing complies with applicable law, our information firewall and any applicable contractual limitations.

Adherence and health outcome results, savings projections and performance ratings are based on CVS Caremark data. Actual results may vary depending on benefit plan design, member demographics, programs implemented by the plan and other factors. Client-specific modeling available upon request.

The Maintenance Choice program is available to self-funded employer clients that are subject to ERISA. Non-ERISA plans such as fully insured health plans, plans for city, state or government employees and church plans need CVS Caremark legal approval prior to adopting the Maintenance Choice program. Prices may vary between mail service and CVS Pharmacy due to dispensing factors, such as applicable local or use taxes.

Specialty Expedite is available exclusively for providers who use compatible electronic health record (EHR) systems, including Epic Systems and others that participate in the Carequality Interoperability Framework.

Specialty delivery options are available where allowed by law. In-store pick up is currently not available in Oklahoma. Puerto Rico requires first-fill prescriptions to be transmitted directly to the dispensing specialty pharmacy. Products are dispensed by CVS Specialty and certain services are only accessed by calling CVS Specialty directly. Certain specialty medication may not qualify. Services are also available at Long's Drugs locations.

Patient stories and patient names are presented for illustrative purposes only. Any resemblance to an actual individual is coincidental. Unless otherwise specified, images contained within are licensed or the property of CVS Health or one of its affiliates.

This presentation contains trademarks or registered trademarks of CVS Pharmacy, Inc. or one of its affiliates; it may also contain references to products that are trademarks or registered trademarks of entities not affiliated with CVS Health.
