Assistant Professor of Mathematics

Applicants should have a Ph.D. degree in mathematics or a closely related field by the time the appointment begins and are expected to present evidence of excellence in research and teaching. Preference will be given to those with research interests in applied mathematics that complement those of the department and strengthen our PhD program. We are interested in applicants with transdisciplinary research interests. The successful applicant will teach two courses per semester (four per year), ordinarily in their area of interest. Teaching load reductions are available for those with outside funding. The salary is negotiable based upon experience. The successful candidate will start at NMT by August of 2020.

New Mexico Tech offers the B.S. in Mathematics degree, M.S. in Mathematics degrees with specializations in analysis, operations research and statistics, and industrial mathematics and has a PhD program in mathematics with Dissertation in applied and industrial mathematics. Information about faculty research interests and the department can be found at <https://www.nmt.edu/academics/math/index.php>

For best consideration please apply by November 15, 2019. Applications should be submitted online through the website <http://www.mathjobs.org>. Interested persons should upload the AMS cover sheet, a curriculum vitae including a list of publications, research and teaching statements, and ensure that three letters of recommendation are submitted by recommending individuals. If you are unable to apply online, you may send application materials by email to: nmtjobapps@npe.nmt.edu

NMT is committed to creating a community in which a diverse population can learn, live, and work in an atmosphere of tolerance, civility and respect for the rights and sensibilities of each individual. NMT is an Equal Opportunity Employer.

Excellent benefits (health, vision, dental), tuition fee waiver, and a generous retirement plan.

New Mexico Tech is located in Socorro, in the scenic Rio Grande River Valley of central New Mexico, 75 miles south of Albuquerque with its many attractions, and 139 miles south of Santa Fe. Nearby mountains and desert canyons provide opportunities for excellent hiking, climbing, and mountain biking. The Bosque del Apache National Wildlife Refuge, located just south of Socorro along a major north-south flyway, offers some of the best birding in the USA.
