Spring 2022 Career & Graduate School Fair
Tuesday, February 1st
Fidel Ballrooms

Let your future career bloom!

Sponsored by: Sandia National Laboratories intel®
Recruiters:
Thank you for coming to New Mexico Tech’s Spring 2022 Career and Graduate School Fair. We are excited to host you on campus and hope you enjoy your visit. Your participation is key to the success of this event, and we truly appreciate you being here.

Students, Alumni, Faculty, and Staff:
Thank you for attending this great event. The organizations in attendance at this Spring’s event have many outstanding opportunities available to Tech students and graduates and we hope you are able to meet with many of the recruiters.

The Career Services Office is committed to working with all Tech students and alumni in the achievement of your career-related goals. Please come chat with us during the fair or stop by, email, or call after the fair if we can assist you in any way.

Thank you again for attending the Spring 2022 Career and Graduate School Fair. And thank you for helping us make this event happen in a safe but engaging manner.

Sincerely,

The Staff of Student Affairs:

Michael Voegerl, Director
Tristine Hayward, Assistant Director
Valerie Maez, Specialist
Quinn Bustos, Student
Victoria Cessac, Student
Luis Silva Alvarez, Student

Petroleum Engineering .......................... 18
Physics ............................................... 18
Psychology ......................................... 18

Tips to Succeed at the Fair:

• Do your homework. Know which organizations are in attendance, what they do, and what types of things are happening in their industry.

• Have a game plan. Instead of trying to talk to each and every recruiter, decide which organizations are the best fit, and focus on talking with those representatives.

• Dress professionally. Clean, pressed clothing is a must.

• Prepare your “elevator pitch,” the introduction you give when approaching a recruiter. Include your name, major, class, a little bit about your experience, and why you want to join that particular organization.

• Get as much information as possible. This is your chance to learn about the organization, so ask questions.

• Remember why you are here. It’s okay to take a free giveaway after talking with the recruiter (they have some cool things!), but don’t attempt to get one of everything.

• Ask to leave your resume and try to get business cards or contact information from each representative.

• Follow up. If you need to apply online or submit your resume by email, do so as soon as possible. If you had a great conversation, send a thank you email.

 Interviews

- **Hunting Titan**
  2/1 and 2/2 in the Student Affairs Office, Fidel 262

- **Puget Sound Naval Shipyards and Intermediate Maintenance Facility**
  2/2 in the Student Affairs Office, Fidel 262

 Info Sessions

- **Hunting Titan**
  1/31 at 5:30pm in Weir 132

- **Tinker Air Force Base**
  2/1 at 6:00pm in Weir 102

- **Woods Hole**
  2/2 at 5:00pm on Zoom
Air Force Sustainment Center
-Tinker Air Force Base
https://afciviliancareers.com/

**Description:** Must be a U.S. citizen to apply. All positions we are recruiting for are civilian federal employee positions; not active duty military. Tinker Air Force Base has a mission to maintain and repair Air Force aircraft. The most common planes Tinker repairs are the B-52 Stratofortress, KC-135 Stratotanker, E-3 Sentry (also known as the AWACS), and the B-1B Lancer. Tinker is also responsible for repair and overhaul of approximately half of all engines owned by the Air Force. To meet this mission, Tinker employs approximately 1,600 civilian scientists & engineers.

**Majors:** Mechanical Engineering, Materials Engineering, Electrical Engineering, Computer Science, IT

**Jobs:** Full-Time, Internship

---

Bixby Electric, Inc.*
http://www.bixbyelectric.com

**Description:** Bixby Electric, Inc. is a diversified Electrical Construction and Service Company performing work throughout North America.

**Majors:** Management, Mechanical Engineering, Materials Engineering, Electrical Engineering, Civil Engineering, Environmental Engineering

**Jobs:** Full-Time, Internship, Co-Op

---

Federal Bureau of Investigation
- Albuquerque
https://www.fbjobs.gov/

**Description:** Today’s FBI is an intelligence-driven and threat-focused national security organization with both intelligence and law enforcement responsibilities that is staffed by a dedicated cadre of more than 30,000 agents, analysts, and other professionals who work around the clock and across the globe to protect the U.S. from terrorism, espionage, cyber attacks, and major criminal threats, and to provide its many partners with service, support, training and leadership.

**Majors:** All

**Jobs:** Full-Time

---

Great River Technology*
http://www.greatrivertech.com

**Description:** Great River Technology is a small aerospace company that offers unique digital video products & has a global reach. GRT has exclusive distributors in France, the UK, Italy, Germany, Spain, Sweden, China, Russia, South Korea, Japan, Israel, & India. Our mission-critical, high-performance digital video tools & products, for commercial aerospace & military customers, set the global standard in the avionics digital video arena. GRT’s products are used by Airbus, Boeing, Lockheed Martin, Northrop Grumman, Collins Aerospace, & dozens of other major aerospace companies. Working at GRT provides a window to the world and an opportunity to travel both domestically & internationally if desired. Competitive salaries, company stock, & bonuses.

**Majors:** All

**Jobs:** Full-Time

---

Hunting Titan
http://www.hunting-intl.com

**Description:** Hunting Titan, a global leader providing products and services to the upstream oil and gas industry, currently has openings for entry level scientists and engineers to join our energetics system design teams. The challenging work relies on “hands-on” engineering design, development and testing of mechanical and explosive devices, where safety and quality are paramount. This design approach allows Engineers to rapidly develop their skillsets and make contributions ahead of industry peers with equivalent years of experience. The positions are based in a modern state-of-the-art facility in the southern Dallas-Fort Worth Metroplex.

**Majors:** Chemical Engineering, Mechanical Engineering

**Jobs:** Full-Time, Internship

---

Hunting Titan
http://www.hunting-intl.com

**Description:** Founded in 1919, Halliburton is one of the world's largest providers of products and services to the energy industry. With more than 40,000 employees, representing 140 nationalities in more than 80 countries, the company helps its customers maximize value throughout the lifecycle of the reservoir—from locating hydrocarbons and managing geological data, to drilling and formation evaluation, well construction and completion, and optimizing production throughout the life of the asset.

**Majors:** Petroleum Engineering, Mechanical Engineering

**Jobs:** Full-Time

---

Honeywell FM&T
https://kcnsc.doe.gov/

**Description:** In Kansas City, Honeywell manages the U.S. Department of Energy’s Kansas City National Security Campus. This state-of-the-art engineering and manufacturing facility produces a wide array of intricate components to enhance the safety and security of our nation’s defense program. When our employees are asked what they like about working at the Kansas City National Security Campus, the answer is loud and clear: pride in supporting a national security mission at a premier engineering and manufacturing site. Employees also like the opportunity to work with smart, highly-skilled people. We take seriously the responsibility to create a stimulating workplace by helping employees develop and grow through special assignments, job rotations and more.

**Majors:** Mathematics, Mechanical Engineering, Materials Engineering, Electrical Engineering, Computer Science, Chemical Engineering, IT, Management

**Jobs:** Full-Time, Internship

---

Honeywell
https://www.honeywell.com/

**Description:** Honeywell is one of the world's largest providers of products and services to the energy industry. With more than 40,000 employees, representing 140 nationalities in more than 80 countries, the company helps its customers maximize value throughout the lifecycle of the reservoir—from locating hydrocarbons and managing geological data, to drilling and formation evaluation, well construction and completion, and optimizing production throughout the life of the asset.

**Majors:** Petroleum Engineering, Mechanical Engineering

**Jobs:** Full-Time
IDEAS Engineering & Technology*  
http://www.ideas-tek.com

**Description:** IDEAS-TEK provides innovative and cost-effective electronic and embedded solutions for mission-critical systems with a focus on the rapidly-growing space market. Our team is working to enable the next generation of high-reliability space platforms by combining our expertise in developing cost-effective, Rad-Hard ASICs, with our ability to apply today’s high-performance commercial electronics in space environments. IDEAS-TEK’s core competencies include digital microelectronics, high-performance and high-reliability embedded systems, and computing and sensing systems, while our company track record includes returning clients from across the US aerospace industry and multiple scientific payloads deployed aboard satellites and the ISS.

**Majors:** IT, Electrical Engineering, Computer Science

**Jobs:** Full-Time, Internship

Imagine Learning, Inc.*  
https://www.imaginelearning.com/en/us

**Description:** We are technologists, inventors, educators, marketers, creatives and more -- who are passionate about making a difference in the lives of teachers and students. No matter the role, each of us has something to teach and something to learn. We are data-driven, committed to delivering the best technology-enabled curriculum solutions.

**Majors:** Mathematics, Physics, Chemistry, Mechanical Engineering, Materials Engineering, Electrical Engineering, Computer Science, Civil Engineering, Environmental Engineering, Chemical Engineering, Biomedical Sciences, IT

**Jobs:** Internship

Jaynes Corporation*  
https://www.jaynescorp.com/

**Description:** As an employee owned company, each of us is directly invested in the success of Jaynes. Through continuous training and mentoring, we equip each other for success. Our growing company provides opportunities for a variety of positions from internships to experienced professionals. We offer a comprehensive benefits package that includes health, life, medical, dental, disability insurance, 401K plans, a Jaynes healthcare clinic located at the main office, and more.

**Majors:** All

**Jobs:** Full-Time, Internship

Kratos Defense & Security Solutions  
https://www.kratosdefense.com

**Description:** Kratos Defense & Security Solutions, Inc. provides a range of products, services and solutions to support the government and commercial markets. We primarily deliver mission critical engineering, IT services and technical solutions for the Department of Defense, and we perform a variety of work for state and local agencies and commercial customers. Our team includes engineers, technicians and other industry professionals. We are hiring for our Colorado Springs, CO location. Ready for what's next!

**Majors:** Mathematics, Physics, Chemistry, IT, Computer Science

**Jobs:** Full-Time, Internship

Los Alamos National Laboratories*  
http://www.lanl.gov

**Description:** At Los Alamos National Laboratory, our mission is to solve national security challenges through scientific excellence. In the interest of advancing our nation’s security, our greatest strength is in our ability to maintain broad science, technology and engineering (ST&Es) capabilities across multiple disciplines, leveraged to meet the Laboratory’s diverse national security missions

**Majors:** All

**Jobs:** Full-Time, Internship

Jabil*  
http://www.jabil.com/careers

**Description:** About Jabil (NYSE: JBL) At Jabil we strive to make ANYTHING POSSIBLE and EVERYTHING BETTER. With over 260,000 diverse, talented and dedicated employees across 100 locations in 30 countries, our vision is to be the most technologically advanced and trusted manufacturing solutions provider. We combine an unmatched breadth and depth of end-market experience, technical and design capabilities, manufacturing know-how, supply chain insights and global product management expertise to enable success for the world’s leading brands. We are driven by a common purpose to make a positive impact for each other, our communities, and the environment.

**Majors:** Mechanical Engineering, Electrical Engineering, Computer Science

**Jobs:** Full-Time, Internship, Co-Op
**Lovelace Biomedical Research Institute***
http://www.lovelacebiomedical.org

**Description:** The Lovelace Biomedical Research Institute (LBRI), has the mission to serve humanity through research on the prevention, treatment, and cure of respiratory disease.

**Majors:** All

**Jobs:** Full-Time

**Lotusworks***
http://www.lotusworks.com

**Description:** What We Do LotusWorks offer technical managed services to clients. We also support our clients for project scopes of work. Our engineering and technical teams are specialists in the areas of Commissioning, Operations and Maintenance and Project Resources. We add value to our clients through our people, through our focus on challenge resolution and our ability to implement improvements. Experience is key to our success and we value our partnerships and are proud of our very long-standing-relationships with major manufacturers.

**Majors:** Mechanical Engineering, Electrical Engineering, Materials Engineering, Chemical Engineering

**Jobs:** Full-Time

**M3 Engineering & Technology***
http://www.m3eng.com

**Description:** Founded in 1986 in Tucson Arizona, M3 is a privately held full service design firm. As our name represents, we are a merger of 3 disciplines; Architecture, Engineering and Construction Management providing continuous design and construction services from project conception to final testing and integration. We offer a diverse field of services to a broad international client base. M3’s diverse staff of over 1000 people has project experience in over 30 countries and fluent in more than 30 languages. Centered in a region with significant mining and astronomical projects, we are well known both domestically and internationally for our contributions to these industries. http://m3eng.com

**Majors:** Mechanical Engineering, Civil Engineering, Environmental Engineering, Electrical Engineering, Computer Science

**Jobs:** Full-Time

**New Mexico Department of Transportation***
http://dot.state.nm.us/content/nmdot/en.html

**Description:** Multimodal transportation choices invigorate the economy and connect people in small towns and cities and facilitate transportation of goods and people to other states and nations. NMDOT focuses on the following modes of travel: transit, rail, aviation and highways. We've strengthened our commitment to traffic safety, environmental excellence, and complete planning, design and engineering services.

**Majors:** Environmental Engineering, Civil Engineering

**Jobs:** Full-Time

**Northwestern Mutual***
https://www.northwesternmutual.com/

**Description:** Northwestern Mutual - New Mexico team is currently recruiting top talent for our College Financial Representative (CFR) Internship or Post-graduate program. Northwestern Mutual has been helping clients achieve financial security for over 160 years. Join us in carrying on the tradition. As a CFR you will receive real-world experience and discover a career with flexibility and rewards. Team work. Training. Hard work. Fun. It's part of what has made the Northwestern Mutual Internship Program a Top 10 Internship for 22 consecutive years in a row. Stop by or contact us at millie.salguero@nm.com for more information.

**Majors:** All

**Jobs:** Internship

**Nuclear Waste Partnership LLC***
http://www.wipp.energy.gov

**Description:** Nuclear Waste Partnership LLC (NWP) is the Managing & Operating Contractor for the Department of Energy’s (DOE’s) Waste Isolation Pilot Plant (WIPP) located near Carlsbad, New Mexico. The WIPP underground facilities comprise a mine constructed and maintained at a depth of 2,150 feet below the surface. The underground facility (the mine) serves as a permanent storage facility for transuranic nuclear waste which is a by-product of the nation’s nuclear weapons production programs.

**Majors:** Earth and Environmental Sciences, Mineral Engineering, Environmental Engineering, Mathematics, Physics, Chemistry, Mechanical Engineering, Materials Engineering, Electrical Engineering, Computer Science, IT

**Jobs:** Full-Time, Internship

Sandia National Laboratories
Texas Department of Transportation*  
http://www.txdot.gov

Description: Texas Dept. of Transportation (TxDOT) is headquartered in Austin, Texas. We manage the state's multi-modal transportation system that consists of 79,000 miles of roadways, bridges, ferry operations, rail safety program and 400 public airports. TxDOT employs over 12,000 employees throughout Texas in various technical, engineering and business support positions.

Majors: All

Jobs: Full-Time

The National Radio Astronomy Observatory*  
http://www.nrao.edu

Description: Founded in 1956, the NRAO provides state-of-the-art radio telescope facilities for use by the international scientific community. NRAO telescopes are open to all astronomers regardless of institutional or national affiliation. Observing time on NRAO telescopes is available on a competitive basis to qualified scientists after evaluation of research proposals on the basis of scientific merit, the capability of the instruments to do the work, and the availability of the telescope during the requested time. NRAO also provides both formal and informal programs in education and public outreach for teachers, students, the general public, and the media.

Majors: All Majors

The Academy for Technology and the Classics*  
http://www.atcschool.org/

Description: The Academy for Technology and the Classics is a grade 7-12 public charter school in Santa Fe, New Mexico. We maintain a familial atmosphere with a dedicated and highly qualified faculty. Our teachers are highly collaborative, passionate about teaching, have strong classroom management skills, and committed to helping students reach their potential.

Majors: All

Jobs: Full-Time

Trinity Consultants*  
http://www.trinityconsultants.com

Description: Founded in 1974, Trinity Consultants helps organizations overcome complex, mission-critical challenges in EHS, engineering, and science through expertise in consulting, technology, training, and staffing. We support clients in geographies worldwide and across a broad range of sectors including industrial, energy, manufacturing, mining, life sciences, and commercial/ institutional. We help clients achieve compliance with applicable regulations, international standards, and company specifications, enabling them to avoid business disruption, speed products to market, address stakeholder concerns, and achieve business objectives.

Majors: Mechanical Engineering, Civil Engineering, Environmental Engineering, Chemical Engineering

Jobs: Full-Time, Internship

The Mosaic Company  
http://www.mosaicco.com

Description: The Mosaic Company (www.mosaicco.com), NYSE: MOS, is one of the world's leading producers of concentrated phosphate and potash crop nutrients. Our world-class mining and processing operations produce the highest quality fertilizer and animal feed ingredients. As a global leader in nourishing crops and delivering distinctive value to the world's agriculture, Mosaic offers an opportunity to share in an exciting future. We consider our employees to be our most valued ingredient. Mosaic employees are richly diverse in their skills, experience and backgrounds. We help the world grow the food it needs.

Majors: Mining, Petroleum Engineering, Chemical Engineering, Mechanical Engineering, Civil Engineering

Jobs: Full-Time.

University of Colorado Colorado Springs*  
http://www.uccs.edu/gradschool

Description: The University of Colorado Colorado Springs (UCCS) is one of four campuses in the University of Colorado system and is home to over 9,500 undergraduate and 1,900 graduate students. UCCS Graduate School degrees, featuring more than 50 options within our 24 masters-level and doctoral degrees across all six schools and colleges. Rigorous academics, paired with modern practices and experienced faculty members, allow us to offer competitive and highly ranked Masters and Doctoral degrees programs. On our awe-inspiring campus, we focus on providing an academically excellent environment at a value to students across the United States, and more than 80 nations.
